

Profile Smart Toilet with Integrated Sink

Extreme water conservation:

1.28/0.8 gpf (4.8/3 lpf) high efficiency dual flush toilets

Profile Smart 305 Round Front Plus

Profile Smart features

Dual flush high efficiency toilet
1.28/0.8 gallons (4.8/3
liters) per flush (full
flush/half flush)

Integrated hand basin for
enhanced water savings

After flushing, fresh cold water is
directed through the faucet
for hand washing and drains
into the tank to be used for
the next flush

Large trapway virtually eliminates
blockages and overflows

Unique water and space saving design

Chrome buttons built-in to
tapware design

Easy installation

Features award-winning Smartflush®
water saving technology

The Profile high efficiency toilet (HET) receives worldwide recognition!

Popular Mechanics 2008 Product Breakthrough Award

2007 GreenPlumbers Water Efficient Product of the Year award

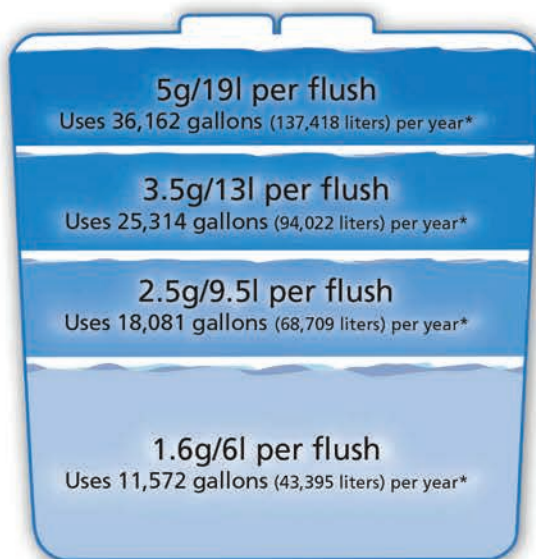

2007 GreenPlumbers overall Product of the Year award

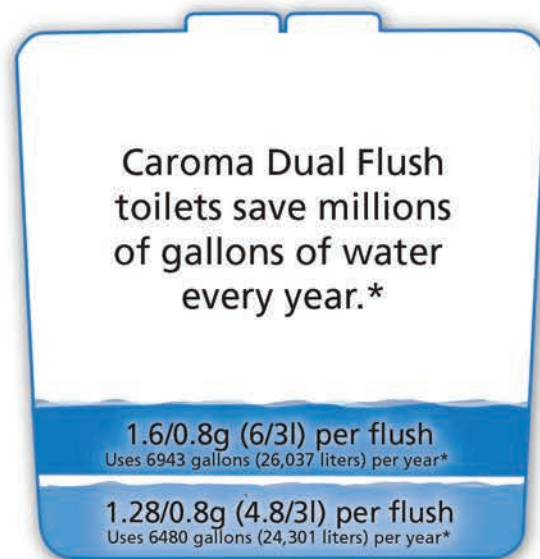

Caroma's Commitment to Water Conservation

Caroma is a leader in toilet and urinal technologies for water conservation with more than 25 years experience and many "firsts":

- In 1982, Caroma was the first in the world to introduce the two-button dual flush system
- The first to introduce the 4.5 liter/3 liter dual flush toilet through Smartflush technology
- The first to gain an Australia WELS 5 Star rating (Water Efficiency Labelling and Standards) for toilets (Caroma Profile Toilet Suite with integrated sink)
- The first to achieve an Australian WELS 6 Star rating for high efficiency urinals
- The first to introduce a 1.6/0.8 gallons per flush (6/3 liters per flush) dual flush high efficiency toilet in North America
- The first to have more than 25 WaterSense labeled toilets, and as of July 1, 2009, Caroma has more WaterSense labeled HETs than any manufacturer with 45
- The first to introduce a 1.28/0.8 gallons per flush (4.8/3 liters per flush) dual flush high efficiency toilet in North America

Single Flush Toilets

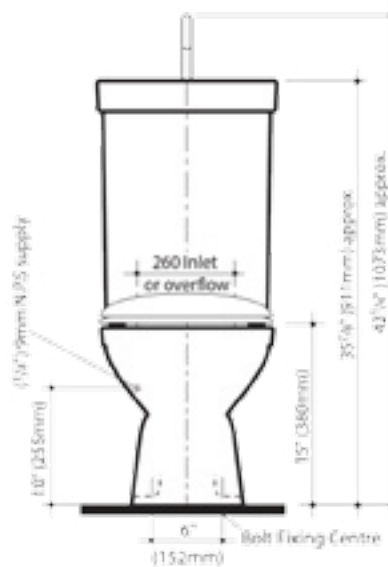

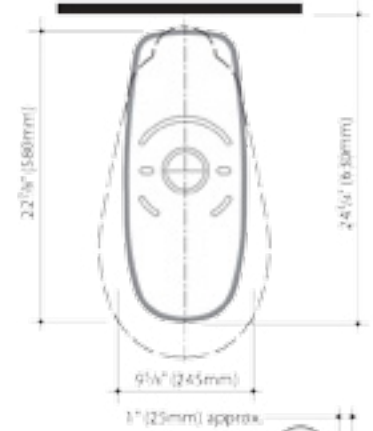

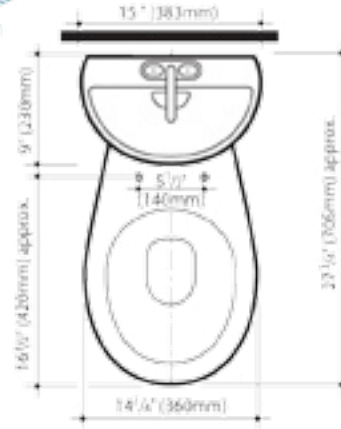

Dual Flush Toilets

* Based on 1:4 solid/liquid usage. Figures calculated for an average family of four.
